

Support to retailers, equipment for shops and stores:

We have developed a Sales Support Programme for our business partners.

We provide participation in marketing activities to our long-term clients.

We share your marketing expenses.

Our sales representatives will be happy to share further details on specific conditions of this kind of cooperation.

We also offer accessories to complement the equipment of your shop/store:

- presentation equipment and arranging service, hat-stands, cap-stands, hat-racks
- mirrors, posters, displays, pop-up stands, hatter aids, size-meter or “enlarger”, bags and other equipment
- collection markers - material and colour-trends markers with each new collection
